Awards Information **By Phil Yasson AB7RW** **Awards Committee**

There have been many changes made to the MARAC Awards program since the last National Convention in Weslaco, TX. At the general membership meeting, the members voted to have names assigned to the awards rather than names unrelated to the meaning of the award such as LC-1, LC-2, etc. Since then, the awards committee has been very busy. As of this writing, many awards have been polished up and completed.

This is where I entered the picture. I thought it would be a good idea to highlight one or two awards each month while the committee forges ahead to completion. The awards are posted on the Internet at <http://marac.org/awards.pdf>. One of the reasons I asked to do this is because I find many County Hunters are only working on one award at a time, namely the CQ-CA when you could be working on multiple awards at the same time.

As I progress through the awards descriptions, you will see that the bookkeeping can be very tough, unless you use one of the CH software programs. Before you purchase a program, read the instructions carefully to make sure it is the software you really want. The MARAC software writers have been busy writing a new program. The issue date has not been established yet. It will definitely keep track of all the information required to apply for any MARAC Award.

A lot of the awards are old hat for many County Hunters so look at this as a review. For those of us still at the beginners level, I hope everyone will all gain a bit of new knowledge of how the awards program works.

The first award to work for is the USA-County Award (CQ-CA) sponsored by CQ Magazine. This award may be earned in increments of 500 counties, or hold back until all 3077 counties are worked. Each county requires a QSL confirmation. This is accomplished by sending your QSL card and an SASE to the station you worked. When his/her card is received, that county is then confirmed forever. Counties may also be confirmed on an MRC card. You can list multiple QSO's on a single MRC card. The MRC cards are mailed the same way as a QSL card, or sent to one of the County Hunter QSL Bureaus.

Regardless of what method you use, a SASE is required. The QSL Bureaus and MRC card printers are listed on the web pages for which the addresses follow. <http://www.countyhunter.com/chars.htm>, http://www.countyhunter.com/information_on_using_mrcs.htm, <http://www.cquest.com/cgi-bin/flynn/services.pl>.

The CQ Magazine Custodian requires you to obtain a Record Book to use with your county awards application. These books are obtained from CQ at a cost of \$2.50 each. The data required in the Record Book is the callsign of the station worked, the band and the mode. In the back of the book is an application for you to fill out and sign, and a certification form to be filled out and signed by two General Class or higher amateurs who testify that they have checked and verified your QSL receipt for each county. The custodian reserves the right to ask you to produce certain confirmations for his own satisfaction.

Send the completed book and \$4.00, if you are a CQ Magazine subscriber or \$10.00 if you are not, to K1BV Ted Melinosky, 65 Glebe Road, Spoford, NH 03462-4411. The Record Book will not be returned to you so make sure you keep a second copy for yourself. You may submit a computer printout from one of the county hunter software programs in lieu of the Record Book. Always check the web for the latest information before you submit your entry, in case there were last minute rule changes.

When Ted issues your USA-CA number, it is entered into the MARAC records where it remains forever. Then you are on to additional awards like BINGO and others.

County Hunters Come To The Aid Of fellow County Hunter

By: Mike Fatchett, W0MU

On January 4, 2005, N2OCW reported on the K3IMC County Hunter forum that long time County Hunter, Silver, KC0JG's van was broken into and all his radio gear and his antenna were stolen. Dennis, N6PDB, responded "Lets all help. In the spirit of Ham Radio let's all contribute to the replacement of his gear." Dennis indicated that he was in for the first \$50.00. A number of other people indicated that they would also like to contribute. Jim, KZ2P and Chuck, K9IA offered to loan Silver a radio until he could get a replacement.

John, W5UGD suggested that I create a web site to collect donations over the internet using Amazon.com's Honor system. Using the honor system would allow people to donate to the cause easy using a credit card. The site was quickly setup and donations started to come in. Some people preferred to pay by check and those were sent directly to me.

Being a former employee of HRO (Ham Radio Outlet) I was able to get a new Icom IC-706MkII, mast and resonators shipped overnight to Silver. Thanks to John, N5EHP, Manager, HRO-Denver for making sure everything was shipped properly. Ray, WG6X generously offered his expertise, the use of his garage and various antenna masts and parts. Ray and Silver were able to get a new antenna mounted and the cables fixed for the arrival of the radio the next day. The radio arrived the next day. Silver installed the radio and was back on the road handing out counties on his way home.

I received a total of \$795.00 in donations. This will cover the deductible for Silver's insurance and a few of the items the insurance company would not cover and a few extra dollars for gas for his next county hunting adventure. I know Silver has been greatly touched by everyone's generosity and assistance. Thanks to all the contributors for helping out a long time county hunter in need. The Spirit of Ham Radio is alive and well with County Hunters!

Awards Information (continued)

If you are a wallpaper collector, you may want to go to Ted Melinosky's web page at <http://www.dxawards.com/2005edition.htm> and subscribe to his world renowned World Wide Awards Manual. Print the subscription form and mail it to Ted. All the U.S. state certificates are outlined along with many other awards that are offered.

Next month I will cover the BINGO Master County Hunter Award and the Five Star Award.

Star City of the South to Host 37th MARAC Convention – July 2005

Roanoke, Virginia – In the valley of the man made star, Roanoke is ready to welcome the Mobile Amateur Radio Awards Club, Inc., for the 37th Annual Convention. In July of 2005 there are expectations of a great group of County Hunters to gather in the Blue Ridge Mountains for lots of sightseeing and events geared toward having fun and meeting old and new members of MARAC.

Many activities are planned for the group – Tours, dinners and awards banquet will be the center of events. Prizes and time to spend talking and telling stories about travel and counties put out over the years.

Please make your plans to join your host AB4YZ – Ray Crampton and his Roanoke County Hunters group for the Convention.

Announcement from your Election Coordinator

We are now 30 days into our 90 day nomination process. Here is a report of activities.

As of this date candidates for vacant offices are as follows:

- President
 - o WB9NUL
 - o N8ELQ
- Vice President
 - o W5UGD
- South Central District Director
 - o WOMU
- North Central District Director
 - o WB9STT
- Great Lakes District Director
 - o None

Please help to provide candidates for these positions. Our immediate objective is to have a candidate for each vacancy. Our ultimate goal, however, is to have more than one candidate for each office. As you can see, our goal has been achieved on only one of the positions. Remember, to be a candidate for one of the directors' positions you must live in that district. If you would like to serve, now is the time. Please contact me k9ia@arrl.net at your earliest convenience.

DATELINE CW

By Ed, KN4Y

Patience is the best remedy for every county hunter.

The days are flying by much too fast. It is time for my shack pre-spring-cleaning. Usually I just move things around and scrape off the dust but this year I resolved to throw the real junk away (which is yet to be defined). Gator is on his way to help, He has arrived I hear his truck's barking engine become silent. Gator comes in the shack wearing leather workers gloves with a reinforced palm, a hard hat and safety glasses.

"Dang Gator, you take spring cleaning serious." "A clean county hunter produces a clean CW signal." I don't argue with Gator logic. "First we need to get these magazines to the recycle bin." "Wow, Dude we will need a 40 cubic yard hopper for all these magazines. Why you got two radios running?" "Gator you know the CW county hunters are having a ball running counties on 30-meters. So I monitor both 20 and 30-meter CW frequencies. That way if a mobile starts on 30-meters I will hear him. " I turn on the radios and there is a mobile running on both frequencies." Gator listens, "That be Jim and Larry running, but who is where?" I shut off the radios; CW county hunters and associates are so easily distracted from the planned project.

Gator grabs an armful of the magazines and ties them with hemp rope. "Why not donate these to the library?" "Called but the girl who answered said they had more amateur radio books than space." "Bummer." After a few hours of tying magazines it is time to have a cool one. Great minds think alike, Gator is already headed towards the cooler. I turn the radios back on and we listen to the mobiles running as we enjoy a cool one. I work a Kentucky county I need on 30-meters

Gator is reading the county hunting article by Dennis in the World Radio magazine. "Dude, what be this spotting?" "Well Gator it is program that is available on the internet using the computer. When a county hunter hears a mobile running, he can put the county information on the computer program for all to see. Later if you want to know who had been running what counties you can bring up the spotting site." "That is interesting Dude, but what is the purpose?" "If you want to work all the counties in a year you have to average 8 new counties every day. Now if you have to be gone for a day you can check the spotting record and put the needed counties you missed in your log. See how it helps?"

Gator looks confused and gets a couple more cool ones. "I thought you had to actually make a valid contact." Gator has been reading the MARAC operating procedures. "That is for the CQ county award because you have to have confirmation of the contact. But for the other MARAC awards no confirmation is necessary." Gator shakes his head, "Do county hunters do that?" "No Gator I was funning with you." Gator smiles, "What are you going to do with all these busted resonators?" "Put them in the trash." "What! You are actually going to throw something away?" I give Gator the evil eye. I told you this was one serious spring cleaning." We get all the magazines bundled and tied. We take them out to Gator's truck; he will drop them off at the recycle hopper. We sit down to rest and Gator asks, "How do you be a net control using two radios?" "You use ear phones the have been modified, the left ear listens to 20 meters and the right ear to 30 meters. You have foot switch on the keyer so you can send on either radio." The last time Gator had that look was when he found out that the minimum drinking age in Hubbard County has been raised to 32. They want to keep alcohol out of the high schools. "Do you do that?" "No, I do one radio at a time." "That makes sense"

Gator shakes his head, "I got to go Dude all this dust is making me sneeze" That dust has been around for along time, but it is time for it to go. I open the window and turn on the exhaust fan. I give Gator a feather duster and we prance around the shack flipping dust into the air and out the window. We both are exhausted as is the dust. "That was fun, but I have to go." Gator is out the door and roaring off onto the countryside. My knees hurt I am too old to prance.

I I have two large boxes of trash. Can I really discard this stuff? I will mark each box Radio Junk Box and put them out in the garage attic. I will let my heirs worry about the disposal. I hear another county I need on 30-meters. That is AL in Arkansas. I make a note to tell Gator he missed working Al. I check my calendar and see this a busy month for State QSO parties; Vermont, Minnesota, Delaware, Louisiana, Mississippi and North Carolina. I sneeze and figure this is good time to take a deserved nap.
