Volume XLV April 2015 Number 4

Riding the County Lion

Dave - KE3VV

The County Lion rushed into the ham shack, pausing only to take a well-advised detour around the napping Big Green Dragon. Good move, King of da Jungle. He look worried – which is a look you don't often get from lions unless dinner is late. "Why so down in the mane?" I inquired; worried that he had caught a late winter cold when he was out making snow angels in the back yard. Nothing worse than a sniffling County Lion – especially a wet early Spring snowmelt County Lion. He gave a half-hearted toothy grin – more of a grimace - and wandered into the corner of the ham shack. He looked out at me balefully through the massive paws now covering his face.

"Bad news for all County Hunters," he moaned. "You won't believe this, but I ran into Riley Hollingsworth at a lawyers conference and he gave me some inside info about the F.C.C." I knew he meant the former F.C.C. lawyer who worked closely with the ham radio community. He has retired, but is still in contact with friends inside the agency. "What gives with our mighty Federal Overseers?"

The County Lion groaned and continued... "The Feds are getting a lot of heat from their Congressional Oversight Committee about cell phones and texting and other distracted driving issues." I scratched my head. "So what? I know there are a lot of problems with texting while driving and that stuff, but those are cell phone issues, not ham radio issues."

"So we thought – especially since any attempts by state and local governments to regulate ham radio activities have been overruled," rejoined the Lion. "The Doctrine of Prevention, I think."

try to run more county lines.

I hate to contradict the County Lion, but his obfuscation made me a bit impatient, so I went ahead anyway. "You mean the Doctrine of Pre-emption... the Supreme Court ruling that state and local governments can't regulate something that under the purview of the federal government, such as use of the airwaves, frequency allocations, and radio licenses, because that area of the law is preempted by the Feds."

"You got it right," responded the Lion, "but that is where Congress rears its ugly head. They want the F.C.C. to regulate mobile radio use and prohibit using the federally regulated airwaves while driving." My jaw dropped, but only a bit. "Come on! What about the cops and firefighters and the FBI and all those guys? The F.C.C. isn't going to stop them from transmitting while in motion."

"Correct," replied The County Lion, "but those would be exceptions to the general rule that transmitting while in motion would be prohibited." "How would that affect ham radio," I inquired. "Surely they are not going to propose that all mobile ham radio operations would be illegal?" "No, no, no..." said the Lion, "but you would have to stop or have someone else drive while putting out counties or chatting on the local repeater. I am not sure how contacts with mobile teams would work."

"Well this certainly would change county hunting," I mused. "Maybe everyone will just run county lines or let the XYL drive. It's probably a lot safer anyway." All the County Lion did was growl... a most unfriendly response.

So there you go, County Hunters. What should MARAC do? Should we wait until the F.C.C. issues a Notice of Proposed Rulemaking? Should we just let the A.R.R.L. deal with it or are we even sure that they would be all gung ho to protect mobile ops? Should we each contact our Congressman? What do you think? Let your District Director know what you think MARAC should do to deal with the demise of mobile transmitting while driving. Better yet – send your thoughts directly to the County Lion and the Big Green Dragon (nothing flammable please!). And have a pleasant April and rest of 2014... and

Dateline CW

Ed, KN4Y

It is April: Never lose your ignorance; you cannot replace it.

On April 1st The Washington Bureau of Unified Limited Lands and the South Headquarters of Interconnected Terrain sent a bill to the President that when enacted is going to eliminate all state county borders. This plan will achieve a unanimous unity of all State inhabitants. Roads would be paved to the limits of funding and not political designators. The State of Louisiana would be the only exemption to the law.

The forty-nine States do not favor this law citing that State maps would have to be revised at an enormous cost and major changes made in liquor laws. A organization known as MARAC has filed strong objections to the proposed regulation arguing it regulates out of existent amateur radio mobile operations, a mainstay of the organization. The objection to this law is also supported by the gasoline and diesel retailers. The brotherhoods of County Sign makers have voiced a strong Nay to this proposal. The benefactor of the bill, Sam Rhoad Kille, acknowledges the opposition to his bill, but very few laws are without opposition and to change a established protocol is always difficult. The full story may be carried on CNN.

I am in napping stage two when I am startled into reality by the slam of Gator's 4x4 driver's door and the beep of the lock. He comes into the shack, "Hi Dude I stopped at the mail box and this package feels like it contains a plaque." He sets the box of lattes on the desk, "Want I should open the package?" I give Gator a what a dumb question look, "Yes please do." Gator opens the Mail Flat Rate packaging envelope, "Wow Dude, you got a plaque from the Oklahoma DX Association for out of State high score, low power all CW mode during the Oklahoma QSO party." Gator hands me the plaque, "This is really cool, I will mount it on the wall for all to see." Gator hands me a latte and activates the computer.

I hand Gator a memory stick and ask him to check out my North Carolina QSO party log. I munch on my bagel smeared with cream cheese when Gator gives me a thumb up, "Well Dude, you worked 41 counties but nary a new county." Gator pauses, "But Dude you did work three new 2x2 calls and one 2x3 call and in addition a Natural Bingo and three No-Stars." I shake my head in agreement. "The results are in the good range since I operated only CW, the Tar Heel State is more prone to sideband operation. I did not hear many different mobiles. Check and see how many I worked." Gator runs the log routine as I finish off my bagel. Gator turns around, "Best I can tell you worked three mobiles: two local yokels Paul, AA4XX, and a mobile using the 1x1 call N4C composed of Jim, K4OPL and Jack, W0UCEThere is also a mobile containing two MARAC members Kyle, WA4PGM and Mike, KA4RRU who used the 1x1 call N4E." "I missed a complete sweep of the bonus station by one county and that was Surry, I did not hear a CW station." "Maybe that was a sideband county." We have a good laugh and raise our lattes for a Surry County salute.

Gator glances at the local weekly newspaper lying on the floor; he picks it up, "Dude, did you read this article? Some kids in the Riversink Elementary school in Wakulla County talked with astronaut Samantha Cristoforetti aboard the International Space Station. Awesome Dude, were you there?" I make a sad look, "No Gator, I was out of town. Several members of the Sportsman's Paradise Amateur Radio Club (SPARC) in Wakulla County did a excellent job setting up the amateur radio equipment

Page 4 ROADRUNNER

to make the contacts." Gator interrupts, "Do you know who was involved?" I get another latte, "Yes Gator, under the auspices of SPARC President Doug, K4GKJ, who did the logistics assisted by Christa, KK4OAE, Ashely, KN4NN, Stanley KK5IKR, and John, KI4EWD." Gator asks, "Maybe we can get the astronaut to become a county hunter." "The chances are slim, there is not enough space on a MRC for her signature." We both have a good laugh.

We listen to the county hunters CW net and hear nothing except some adjacent QRM. Gator picks up the senior newsletter that came in yesterdays mail, "Dude, did you know a blind bowler participated in the 2014 Florida International Senior Games & State Championships in Lee County. He rolled a 526 score in three games" "No Gator I have not seen that article yet, but that reminds me back many years ago we had a blind county hunter (silent key) who operated as net control on the CW net, His name was Ed,WA6VJP, and used Braille tablets to track the mobiles." "That was awesome Dude, did he allow phonetics?" We have a good laugh and finish our bagels. , Gator checks my e-mails, Hey Dude you got a Last county from Dennis, N6PDB, for Franklin County FL. Did you thank him?" "I have it on my bucket list." I hand Gator another memory stick, "Here are the logs for three QSO parties. See how I did."

We sip our lattes when Gator says, "You did not work many stations on CW during the Idaho QSO party, although you did work a new county on ten meters, a 2x1 call and six no-stars." Yes Gator I suspect Idaho is a sideband state and I worked only two mobiles, county hunter Darryl, WW7D and a local yokel Randy, K7TQ. I also worked the four fixed stations in Idaho that know CW."

Gator sips his latte, "Well Dude you worked more QSO's in the Louisiana QSO party and got one natural Bingo, two 2x1 calls and six no-stars. You only worked two mobiles, that recliner connoisseur Norm, W3DYA, and Chuck NO5W."

Gator is unusually quiet then smiles and announces, "You really showed out in the Wisconsin QSO party. You got six no-star, one natural Bingo and two new countries on 80-meters. You should have done better because you worked eight mobiles." "I goofed off a little bit. Who were the mobiles?" Gator turns the computer screen towards me and I read: Jim, N0UR, Todd, N9NE, Scott, NE9U, Club station W0AA, Jon, W0ZQ, John, W9DNB and the famous Jeff, W9MSE. "Well Gator I did not start operating in the QSO party until after church, I missed many counties; the important fact is I have fun. Check out the Oklahoma QSO party"

Suddenly we hear the ding-a-ling, ding-a-ling from Gators cell phone, "Sorry Dude I have to relocate to another location." He is gone like a county hunters mobile traction on an icy road, I hear him yell; "Live long and prosper!" The printer stops and I get the printout, it is the list of mobiles heard during March on the CW county hunters call frequencies. I read: AD8P, AE1N, AF5CC, AK8A, K0FG, K4ZGB, K5YAA, K7TM, K8ZZ, K9JWV, KB0BA, KB6UF, KB9OWD, KC5P, KC7YE, KV7N, KW1DX, N0DXE, N0KV, N0SM, N4CD, N4JT, N5XG, N9AC, N9JF, NI9Z, NM2L, NS9I, W0BH, W0EAR, W0GXQ, W0NAC, W1O, W4SIG, W5QP, W7FEN, W8PO, W9MSE.

Page 5

The warmer weather makes April a mobile good time for the nine State QSO parties with (741) counties up for grabs. They are the Mississippi (82), Missouri (115), Montana (56), New Mexico (33), Georgia (159). Nebraska (93), Michigan (83), North Dakota (53) and Florida (67) QSO parties. Drink plenty of water and get ready for the radio active weekends. Not enough? There are 20 other CW contests for the fast fisted county hunters. I wonder if it is true that a giant squid has the largest eyes in the world. Nap Time.

NOTICE TO COUNTY HUNTERS: KN4Y will be a rover in the Georgia and Florida QSO parties. Rig on, Look for, find, call, work.

Nominations for CW and SSB

County Hunter of the Year Last Request

Nominations are now in order for the 2015 CW and SSB County Hunter of the Year Awards. Nominations must be received by your District Director not later than March 31ST and should contain a brief list of reasons for the nomination. Your District Director will select one nominee (one for CW and one for SSB) from those received and forward that selection, with the reasons for the selection, to the

Election Coordinator no later than April 15th. Prior winners (per mode) are not eligible to receive this award a second time. Please read the requirements for County Hunter of the Year and support those members who work to make MARAC the vibrant organization that it is.

Voting will be taking place during the month of May only. Voting online is preferred at http://www.marac.org/elections I will also be accepting mail ballots postmarked during the month of May.

The voting page on the MARAC website will be available starting May 1st thru May 31st.

I want to thank Terry who has volunteered to serve in the following position. He is running unopposed so congratulations are in order: His term will begin at the end of the Annual Meeting in July and will run until July 2016.

Vice President – Terry Dummler WQ7A

The following Director positions are up for election

I would like to introduce Jim (N4JT). Jim is a candidate for the position of South East Director.

Election Bio Jim Thomas N4JT

I first became an amateur in 1977, when I graduated from high school, have been an Extra Class since 1986. My activities included DXing, Short Wave listening, building equipment and antennas, operating phone, CW, and various digital modes, besides mobile operating.

I first joined MARAC in 1978, with a regular membership number of R-992. Over the last 35 plus years, I have put out all the counties in 49 states, with the last 5 in Hawaii to be done this year. I am now working on my 7th time around.

Page 7

I was elected SSB County Hunter Of The Year in 1994, and served on the Awards Committee for several years in the 1990's.

I recently retired after 34 years in the electric utility business, and am now looking forward to traveling in my retirement.

After many years in MARAC, I feel I should put back some service after being on the receiving end of many awards over the years, and I pledge to provide impartial service to the best of my abilities.

Thanks and 73,

Jim N4JT

I would also like to introduce Kerry Long (W4SIG). Kerry is also a candidate for the position of South East Director

Election Bio

Kerry Long W4SIG

My interest in ham radio began when I was a boy listening to my dad, W5JAC, operate on the Army MARS nets each evening. Then the sweet music of high speed CW was the clincher. He was licensed in 1939 and had these cool pictures of his old radio equipment that was bigger than me. I got licensed when I was 16, got my extra ticket shortly thereafter, and began throwing myself into high speed CW, getting certified at the Atlanta Radio Club hamfest at 45 WPM. They also awarded me a college scholarship! I began chasing counties in 1979 and joined MARAC around 1981. I began putting out counties with my dad at the wheel and me on a Century 21 on 14.065. Ed, WA6VJP, taught me so much about running county hunter net control I will always be grateful and keep his memory close. In addition to running counties on the nets I participated in and won many state qso parties as a mobile. One of the highlights was when I worked all but two Texas counties in one weekend during the Great Texas Armadillo Run during the mid 80's!

I also was very active in the National Traffic System, handling radiograms on state, regional, and independent traffic nets. I was awarded membership into the Brass Pounders League for my efforts. Naturally, chasing DX was in the mix and I received my DXCC a few years after getting licensed. In 1984 I graduated from the University of Memphis with a degree in Electrical Engineering and began work as a Systems Engineer and Availability Specialist with IBM.

In 1994 I started my own company, Heritage Distribution, Inc., which I ran for the next 13 years as CEO. We homeschooled our four children (in my 19th year presently!) and have seen three of them enter college with full scholarships! So I guess it's worked out so far!

Raising my four kids and being a Boy Scout leader slowed down my ham activity quite a bit from 1992-

2008, but I was able to attend a 3M convention with the wife and a few kids in tow and met so many great folks for the first time. In 2007 I lost my wife to breast cancer, closed my business, and became a stay-at-home dad. The following year saw me blow the dust off the rig and actually operate a mic for about the first time since I became a ham. I had gone 15 years with only about a dozen counties to go for USACA so it was time to do whatever it took to finish them all, even if it wasn't CW.

I now have less than 20 to go for 3rd time around, only 9 to go for CW-II, have worked them all SSB, all 20 meters, and all mobile-mobile. I have been awarded over 325 LCs as a mobile and have worked over 85 DX entities from the mobile. Throughout the years I have been runner-up for CW Net control of the year, CW mobile of the year, and SSB mobile of the year.

On Feb, 6 of this year I remarried to an amazing woman with two girls, 10 and 14 (I have 6 kids now!) and am getting them introduced to ham radio with some on-air time. I currently am a manager with CaptionCall, providing captioning telephone service for the hearing impaired.

I am an ARRL member, attend local ham club meetings, am active in Field Day, participate in numerous state qso parties from the mobile, and attend MARAC conventions (I love the Michigan Mini!). Two years ago I had the joy of running my first DXPedition as ZF2GG. The last few years I have been honored to serve as Southeast Director of MARAC and am currently chair of a Membership Committee focusing on ways to grow our organization. I actively submit articles for the RoadRunner and can be found running counties from the mobile and providing NCS help on both the CW and SSB frequencies on a regular basis. I submit my planned mobile trips online as standard policy and spot myself and other mobiles every chance I get. I would appreciate your vote as Southeast Director for MARAC! I have licensed as a ham since 1976 at age 14. Extra class earned a year later

MARAC Voting Information

Remember, if you are a new member or are REJOINING following a lapse in membership, you are <u>NOT</u> eligible to submit nominations or vote in an election until the first day of the month following receipt of your initial payment of dues and valid membership application by the Secretary of MARAC. Those individuals maintaining uninterrupted membership status are not restricted from nominating or voting in the current month.

I would like to introduce Tim (N0KV). Tim is a candidate for the position of Great Lakes Director.

Election Bio
Dr. Timothy M. Eklin
W8.IJ

In 1992, I earned my first ticket as a no-code technician and eventually worked my way to extra class.

Along the way I've held the following call signs: N8VOD, KG8CL, AA8UH, and finally W8JJ.

On October 18, 2001 my interest in ham radio was renewed as I began a quest to work and confirm all 3,077 U.S. counties. As of September 2010, I have all counties confirmed and was awarded USA-CA #1203 by *CQ Magazine*. I'm a current member of MARAC # R-2994. I've coordinated and moderated the County Hunting Forum and dinner at the Dayton HamVention for the past 6 years and will be doing the same in 2015.

County hunting is by far the most enjoyable aspect of ham radio that I have discovered to date. Even more fun than chasing the counties from home is working the pile-ups while operating SSB and CW as a mobile station to assist fellow county hunters. To date, I have transmitted from 485 unique counties in 17 states. Moreover, I've made friendships that will last a lifetime with folks from all over the country.

In 2007, I completed a twenty-year career with the Michigan Department of Corrections. My second career involves teaching and social science research as a professor of criminal justice at Ferris State University in Big Rapids, Michigan. I have a Bachelor's degree in criminal justice and a Masters degree in organizational leadership & administration from Saginaw Valley State University. I also hold a Ph.D. in Organizational Leadership & Change from Antioch University in Yellow Springs, Ohio.

I would also like to introduce Dan (KM9X). Dan is a candidate for the position of Great Lakes Director.

Election Bio

Dan Mulford KM9X

Licensed as KA9DZM for the first 25 years (1977 to 2002), I passed the EXTRA and received the callsign I wanted: KM9X, a reflection of KMOX am radio talk host Jim White who used to promote ham radio.

- *Active COUNTY HUNTER since Nov 2002, successfully contacting and confirming all 3077 US counties, finishing on March 8, 2005 and being awarded the CQ Magazine's USA-CA award #1117. Currently working on the Worked all Counties 5th time as well as the MOBILE DIAMOND Award.
- * I am currently the Great Lakes Region Director for MARAC (Mobile Amateur Radio Awards Club) and held that office for a few years. Active supporting the district event, the Michigan Mini.
- *MASTER PLATINUM AWARD # 15 issued June 5, 2011
- * MASTER GOLD AWARD #35 issued Jan 30, 2009
- *Master County Hunter Award (AKA Bingo) #279.
- *Net Control of the Year Award, 2nd place 2007
- * Mobile Team of the Year award 2nd place 2004, 2005, 2006, 2007
- *Nominated for County Hunter of the Year award in 2009 and 2010.
- *Recipient of the County Hunter's revolving MR UGLY award, presented at the S.E. Mini Conference on Myrtle Beach on Oct. 06, 2006.
- *have currently put out 1634 different US counties, on 20m ssb, 40m ssb and CW. A total of over 5200 counties transmitted. Have driven over 145,600 miles to transmit from counties.
- *Awarded 400 Last County award, given for helping someone finish up all the counties in a state, and 7 WBOW,(Whole Ball of Wax)awards for getting the 3077th county for amateurs.

Page 10 ROADRUNNER

- * Active in the 3905 Century Club Worked-all-states and awards nets
- * Ripley County Repeater Assn.- Life Member and Charter member and past President since inception in 1982
- * Member of ARRL since 1977
- * ARRL Certified Volunteer Examiner since the late 80s
- * Active in SSB and RTTY. Hold DXCC and VUCC (for 6m)
- *Retired Deputy Director Ripley County INDIANA E M A
- * Retired as Supervisor and 9-1-1 Coordinator 19 yrs Greensburg Police Dept. Communications Center. 10 years prior with the Ripley Co. Sheriff's Dept 9-1-1/Comm.
- * Past 1st Asst Chief with Osgood Vol. Fire Dept, 41 yrs service, Master Certified in Fire/Arson Investigation and Tactics.
- * Past recipient of the Indiana Amateur of the year Award(1993)

I would like to introduce Dick (K5VYT). Dick is a candidate for the position of South Central Director.

Election Bio Dick Brocaw K5VYT

I was first licensed as KN5VYT in New Mexico in 1959, upgraded to General in 1960 and later to Advanced, I have held the same call and been continuously licensed since 1959.

I joined the US Navy in 1968, spent two years on the USS Yorktown, CVS-10 with three tours to Vietnam, then two years at the Fleet Intelligence Center in Norfolk VA. While on the Yorktown, I was involved with the recovery of Apollo 8, and handled phone patches for the crew to the US during Christmas 1968. When at Norfolk, I made extensive use of the club station and started mobile operations. After leaving the service I spent about ten years in the Navy MARS program.

I Graduated from New Mexico State University in 1972 with a degree in Electrical Engineering. I then spent 16 years with Public Service Company of New Mexico, 6 years with Public Service Company of Colorado, and 10 years with IBM. All my positions were in IT: programming, systems analysis and software engineering mainly in real time data acquisition and control. I was involuntarily retired in 2005.

I have been involved in county hunting since about 1970 and received USACA #112 in 1973. I have done a fair share of running mobile over the years and have 45000 QSOs in my mobile log, with 1100 counties run.

Page 11

I would also like to introduce Barry (N0KV). Barry is a candidate for the position of South Central Director.

Election Bio

Barry Mitchell N0KV

I was first licensed in 1963 and have been very active in ham radio since. I started County Hunting seriously in May 2004. There are 178,656 QSO's in my County Hunter log and 13769 W6RK County Challenge Award counties (6 - 160 meters). Awards include USACA (3X), Bingo II, Master Gold, Master Platinum, and 5-Star (23 more for 4th time, and 29 for Bingo III). I'm fortunate to have a wife that not only tolerates but participates in County Hunting and we enjoy helping others achieve their goals. We are working on the Transmit All Counties Award (636 to go). We run SSB as a team and then I run CW when she drives. We always enjoy meeting and chatting with fellow county hunters. I don't know how many counties we've put out –but the log shows 4662 for MG, 826 for MP, and 286 for MD so far (at least 5774). I am also an active DX'er, and active in numerous Public Service activities, such Douglas County Search & Rescue, State Search & Rescue Coordinator and as a Communications Unit Leader (COML) of our county all hazard Incident Management Team (IMT). I was previously appointed the South Central Director when N0ZA became a silent key and served mid-2011 until 2014. I didn't run for re-election at that time as I felt frustrated with the MARAC leadership. By running now, I will attempt to change the direction of MARAC to be more friendly and representative of you – the members.

Barry Mitchell, N0KV

MARAC 4th Quarter Award Voting January - March

Voting will be open from April 1st through April 30th for the best net control, mobile and team awards. The easiest way to place your vote is at the MARAC web site http://www.marac.org/elections and all you will need to enter on the sign in page is your call sign and your MARAC voting key. If you have lost or do not know your voting key then enter your callsign and click on the button below to request your voting key. The key will immediately be emailed to your email address on record. You may also send me your vote via regular mail. However I must receive the ballot by the closing date of the voting window to be counted. Please include your callsign, MARAC membership and key numbers along with your choices for each class.

A vote for 1st choice is awarded 2 points and 2nd choice is awarded 1 point. Please do not vote for the same call for both choices. Of course any choices can be left blank.

Best Net Control SSB:	1st Choice	2 nd Choice
Best Net Control CW:	1st Choice	2 nd Choice
Best Mobile SSB:	1st Choice	2 nd Choice

It has been a very busy spring for me with very little time for the radio or making mobile trips. I have been trying to finish up the pruning of all the trees (approx. 2,000) before they start to bud out, then dormant spray needs to be applied. When things slow down I hope to be on the radio a bit more often.

Kent Reinke KV7N MARAC Election Coordinator 1826 East 4500 North Buhl, Idaho 83316

Candidates Platform

"Moving forward to restore the fun"

The following platform was developed and is endorsed by the following candidates in the MARAC 2015 elections: Terry (WQ7A), Dave (KW1DX), Kerry (W4SIG), Tim (W8JJ), Mike (NF0N), and Barry (N0KV), with advice and support from several other senior MARAC members.

- 1. Elect and support MARAC members interested in actively participating as part of the MARAC leadership and with an interest in treating everyone fairly and working toward what's best for MARAC, county hunting, and the amateur radio community as a whole.
- 2. Establish MARAC-sponsored nets on 20 and possibly 40 meter SSB. (Net operation on 14.336 is not recognized by the current Board of Directors as a MARAC activity)
 - a. All amateur radio operators should be welcome and treated fairly, equally, and with respect.
 - b. All services provided on the net, such as running counties from a mobile, tutoring, relaying, etc. should be equally available to all radio amateurs.
 - c. Net control operations should be shared equitably.
 - d. The MARAC net control award should be associated with net control operations on MA-RAC-sponsored nets.
 - e. During periods when mobiles are not running, less formal activities, such as brief exchanges between members, signal reports, etc. should be allowed so long as breaks are given to recognize anyone ready to run.
- 3. Revise MARAC Bylaws to:
 - a. Require the President to convene a special Board meeting within 30 days following a petition for same by 5 or more MARAC directors and/or officers.
 - b. Resolve what is, in our opinion, a conflict of interest for the MARAC President and counsel positions being held by the same person.
- 4. Re-establish a cost-effective Logger II software development effort to replace the current MA-RAC Logger program.
- 5. Encourage develop of new MARAC awards, including an award for those to work on that have completed the Mobile Diamond Award.
- 6. Continue and increase support to MARAC efforts to encourage amateurs not already interested in county hunting to do so.
 - a. Welcome new check-ins and encourage them to work the mobiles.
 - b. Provide for a mentoring/tutoring effort for new members.
 - c. Encourage presentations at conventions and hamfests.
 - d. Provide succession planning for all elected and appointed positions.

History Happens

Gary, K4EXT

The only recent submission for the County Sign project came from Kent, KV7N who sent in a picture of the last needed county in Montana ... Beaverhead.

Please feel free to check out all pictures and information by visiting the CH History/Archive website at the following Internet address:

http://www.CHarchive.com

Kent planned a special trip from his Idaho QTH in order to fetch a picture of the Beaverhead County sign ... even taking along two cameras for the journey. However, once he reached Beaverhead ... alas, no county sign in sight. So, Kent drove across Beaverhead County to the Madison/Beaverhead county line and snagged Beaverhead pictures from there. Note that the Madison leg of his trip was no big surprise ... Kent has a special affliction for all counties named Madison!

Once he returned home to Buhl, Kent got back to playing gentleman farmer at his Northview Orchard ... washing down his tractor as well as changing the oil in it. Thanks for the great pics Kent. Maybe I'll send you an MRC for old time's sake!

Digital Happenings

DIGITAL HAPPENINGS #32

(March 2015) By W0NAC ("Matt")

By the time you read this the "Peripatetic Trio" of Jim (N4JT), Mike (KG5UZ), and Cheryl (KJ5PQ) will have completed running all 5 counties in the state of Hawaii. I sincerely hope that you filled in all your needs in Hawaii for the **USA** – **Digital** and **5** – **Mode** awards! It may be a long time before such a great opportunity presents itself again, but as they say: "The counties will still be there".

Many thanks to all three of you! We appreciate all your efforts to help fellow county hunters. I hope you had a lot of fun!

For those of you who completed all 5 Hawaii counties with 5 modes, you are eligible to apply for the **5-Mode WAS Award** for Hawaii. A nice plaque and printed certificate are available for the standard fees. The 5-Mode WAS Award is also available for any other state where you have worked all counties using 5-different modes. Logger currently tracks only the 5-Mode Award for working all 3077, but you can print (paper or file) completed counties for all states and use scissors (if paper) to cut out only the state of interest. Or, if using the text file, you can edit out all except for the state of interest. When applying to the Awards Manager for this award you can mail your application (with the paper log sheet) or, preferably, apply by email attaching the edited text file.

From the Logger Main Menu, select "Print", "Book", "5 Mode", then select either "View" or "Write to File". "View" will display a multi-page report on the screen which you can print. "Write to File" will produce a text file which you can edit to show only the completed contacts for the state you are applying for. Maybe sometime in the future, Logger will support the 5 – Mode WAS Award in a friendlier manner.

This issue of Digital Happenings is going to be short. I simply could not come up with a suitable technical subject to discuss this month! I am open to suggestions for next month's article. Please email me (wonac@comcast.net) with your proposed topics. In the meantime, all the regular topics have been updated and appear below.

Fldigi Tips:

- 1) <u>Latest Version of Fldigi</u> 3.22.06. If you haven't already done so, you should update now.
- 2) I understand that several people may have had difficulty downloading my sample macro files last month. If you were one of those, here is a new link you can try: https://dl.dropboxusercontent.com/u/26171574/Fldigi-Macros/W0NAC-Macros-03-26-2015.zip

Using this link, you can download a slightly updated version of a zipped file containing 11 different macro files. To use them, just place the zipped file in your "C:\Users\<User Name>\fldigi.files\macros" folder and unzip it.

Each of these macro files has a name that pretty well describes the situation when it should be used. I make no claims that they are perfect, but most of them work pretty well for me. I strongly encourage you to make changes in them to fit your own unique needs. If you believe that you have produced a "better mousetrap", I encourage you to zip up your changed macros and send them to me as an email attachment. I'd like to see them.

March Digital County Hunter Activity:

Thanks to the NC QSO Party, our "Triple Threat" on the Islands, and W5QP, March digital activity was great. Using W6RP spot history I count over 106 digital "runs" made by 9 mobiles and an assortment of fixed/portable stations. Again, a wide variety of digital modes were used including PSK-31, PSK-63, PSK-125, DOMINO-22, MFSK-32, RTTY-75N, THOR-22, and CONTESTIA 4/500. County hunters heard this last month include (in no particular order), W0EAR, W5QP, WH6S, KM1C, KG5UZ/KJ5PQ/N4JT (in Hawaii), WA4UNS, and W0NAC/N0LXJ. Other stations heard (mostly from the NC QSO Party) include W3RFE, W4DW, NO4Y, KO4DI, K4KWL, NC4QP, KB4TOH, WA3RFE, K4A, and WA2JVL.

Active County Hunter Award Status:

As can be seen in Table 3 below, many digital county hunters continue to make great progress toward completing their "USA – Digital Award" and "5 – Mode Award". 15 digital county hunters have logged at least 1000 counties toward completing the "USA – Digital Award". Two more are "knocking on the door" with 900 or more digital counties.

16 digital county hunters have now logged over 50% of the 15,385 mode/counties needed to complete the "5 – **Mode Award**". These are shown in **red** in Table 3. The leader for this award is still Dennis (N6PDB) who has worked 10,416 (67.7%) of the 15,385 Counties/Modes needed to complete this award.

How To Get Your 5 - Mode Statistics Updated:

Past Digital Happenings articles have given detailed instructions on a new and easy way to update your digital statistics for Table 3 by using a small program called "Digital Report Utility". This utility will create a report for you showing your progress for both the "USA – Digital" award and the "5 – Mode" award and email it to W0NAC. Instead of repeating these instructions every month I have included them in a Microsoft Word document that you can download by clicking on the following link: https://dl.dropboxusercontent.com/u/26171574/Happenings/5%20Mode%20Update.doc

Please email your comments/suggestions to www.wonac@comcast.net and don't forget to send your updated digital status reports in by the 23rd of the month so that they will appear in the next month's edition of the "Roadrunner".

73's and we hope to see you on our waterfall again real soon!

Matt - W0NAC
